Hay Max Organic Nose Balm now available at our stall!

In stock I have Hay Max organic nose balm for hayfever sufferers. It traps the pollen before it makes you sneeze!

Apparently, it also works for house dust, dust mites, animal hairs and dander, and other allergens.

It is made 100% top quality certified organic ingredients— beeswax, essential oil, aloe vera leaf juice powder and sunflower oil.

It is drug-free; so no drowsy side effects;

Apply HayMax sparingly around the base of each nostril a few times a day each day during the pollen season. One pot can last a whole summer!

Haymax is ideal for people who are:

Dissatisfied with every other product they've tried:

Wanting a safe alternative to mainstream pharmaceuticals;

Using other medication, as HayMax can be used in conjunction with other medication.

I have tester pots for the 3 types— pure, aloe vera and lavender.

So why not and come and try it!

A 5ml pot retails at 8.00€

Changes to the Business

You will have seen from page 1 that we are in the process of selling our house. Consequently, with great regret, I have to announce that Sunday 4 September will be the last library day for the foreseeable future. I do hope to be able to offer the service again once settled in a new abode but you should know that I am an eternal optimist.

There will be a trip to the UK 25 Aug–2 Sept and Peter will be emptying the container on Tuesday 30 August. Another trip is planned for mid October, I'm sorry that there is a longer than usual gap between the trips but I must ask you to bear with me while I sort things out.

While looking for a quotation for the box below, I found this one as well:

Quick Recipe

I just thought I'd share this lovely salad dressing with you, I think it is delicious and addictive!

It has the added bonus of having 2 ingredients in that I happen to sell!

Vinaigrette Orientale

1 piece of fresh ginger, 1cm approx;

1 clove of garlic;

1 shallot or spring onion;

1/2 small red chili (or small piece of a piment doux that are just coming into season)

Juice of 1 lime;

1 tblsp fish sauce

3 tblsp peanut oil

1 tblsp toasted sesame oil

Peel the ginger and grate it. Mince finely the garlic, onion and chili. Put the lime juice, fish sauce, and the oil in a jar add the minced ginger, garlic, onion and chilli, put the lid in and shake well. It keeps well in the fridge for several days and you can keep adding more oils and fish sauce as needed. Add a little bit of honey if you like!
